## Corporate Governance Statement

### 1. Framework and Approach to Corporate Governance and Responsibility

The Board is committed to maintaining the highest standards of corporate governance. Good corporate governance is about having a set of core values and behaviours that underpin the Company's activities and ensure transparency, fair dealing and protection of the interests of stakeholders.

The Board of Directors supports the Corporate Governance Principles and Recommendations developed by the ASX Corporate Governance Council ("Council"). The Company's practices are largely consistent with the Council's guidelines - the Board considers that the implementation of some recommendations are not appropriate having regard to the nature and scale of the Company's activities and size of the Board. The Board uses its best endeavours to ensure exceptions to the Council's guidelines do not have a negative impact on the Company and the best interests of shareholders as a whole.

Details of the Council's recommendations can be found on the ASX website at:

[http://www.asx.com.au/about/corporate\\_governance/revise\\_corporate\\_governance\\_principles\\_recommendations.htm](http://www.asx.com.au/about/corporate_governance/revise_corporate_governance_principles_recommendations.htm)

### 2. Board of Directors - Role and Responsibilities

In general the Board is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the Company. The Board is also responsible for the overall corporate governance of the Company, and recognises the need for the highest standards of behaviour and accountability in acting in the best interests of the Company as a whole. The Board also ensures that the Company complies with all of its contractual, statutory and any other legal or regulatory obligations. The Board has the final responsibility for the successful operations of the Company.

Where the Board considers that particular expertise or information is required, which is not available from within their number, appropriate external advice may be taken and reviewed prior to a final decision being made by the Board.

Without intending to limit the general role of the Board, the principal functions and responsibilities of the Board include the matters set out below, subject to delegation as specified elsewhere in this Statement or as otherwise appropriate:

- (1) formulation and approval of the strategic direction, objectives and goals of the Company;
- (2) the prudential control of the Company's finances and operations and monitoring the financial performance of the Company;
- (3) the resourcing, review and monitoring of executive management;
- (4) ensuring that adequate internal control systems and procedures exist and that compliance with these systems and procedures is maintained;

- (5) the identification of significant business risks and ensuring that such risks are adequately managed;
- (6) the timeliness, accuracy and effectiveness of communications and reporting to shareholders and the market;
- (7) the establishment and maintenance of appropriate ethical standards;
- (8) on 27 October 2009 the Board established an Audit Committee. During the 2008/2009 year the Board assumed the typical responsibilities of an audit committee including:
  - (a) reviewing and approving the audited annual and reviewed half-yearly financial reports; and
  - (b) reviewing the appointment of the external auditor, their independence, the audit fee, and any questions of resignation or dismissal;
- (9) on 27 October 2009 the Board established a Remuneration Committee. During the 2008/2009 year the full Board assumed the typical responsibilities of a remuneration committee including:
  - (a) reviewing the remuneration and performance of Directors;
  - (b) setting policies for Executives' remuneration, setting the terms and conditions of employment for Executives, undertaking reviews for Executives' performance, including setting goals and reviewing progress in achieving those goals; and
  - (c) reviewing the Company's Executive and employee incentive schemes and making recommendations on any proposed changes; and
- (10) responsibilities typically assumed by a nomination committee, including:
  - (a) devising criteria for Board membership, regularly reviewing the need for various skills and experience on the Board and identifying specific individuals for nomination as Directors; and
  - (b) oversight of Board and Executive succession plans.

### 3. Board of Directors - Composition, Structure and Process

The Board has been formed so that it has effective composition, size and commitment to adequately discharge its responsibilities and duties given its current size and the scale and nature of the Company's activities. The names of the Directors in office during the 2008/2009 year and their qualifications and experience are stated in the Directors' Report for the year ended 30 June 2009.

### 3.1. Skills, Knowledge and Experience

Directors are appointed based on the specific corporate and governance skills and experience required by the Company. The Board recognises its need to contain Directors with a relevant blend of personal experience in mining, accounting and finance, law, financial and investment markets, financial management and public company administration and Director-level business or corporate experience, having regard to the scale and nature of the Company's activities. A Director is initially appointed by the Board and (other than the Managing Director) retires and may stand for re-election at the next Annual General Meeting after their appointment.

### 3.2. Chairman and Managing Director

The Chairman leads the Board and has responsibility for ensuring that the Board receives accurate, timely and clear information to enable Directors to perform their duties as a Board. The Chairman of the Company is Shanker Madan, whose qualifications and experience are stated in the Directors' Report for the year ended 30 June 2009. (At the date of that Report, Mr Madan was Managing Director.)

The Managing Director is responsible and accountable to the Board for the Company's management. The Managing Director of the Company is Mr Ken Hellsten, whose qualifications and experience are stated in the "Board of Directors" section in the Corporate tab on the "Home" page of the Strike website.

### 3.3. Non-Executive Directors

The Company recognises the importance of Non-Executive Directors and the external perspective and advice that Non-Executive Directors can offer. The Chairman - Mr Shanker Madan - is a Non-Executive Director.

Farooq Khan, William Johnson, Professor Malcolm Richmond, A. Farhad Moshiri and Matthew Hammond are Non-Executive Directors. Mr Moshiri has appointed Mr Mark P. M. Horn as his Alternate Director. The qualifications and experience of the Non-Executive Directors are stated in the Directors' Report for the year ended 30 June 2009.

### 3.4. Company Secretary

The Company Secretary is appointed by the Board and is responsible for developing and maintaining the information systems and processes that are appropriate for the Board to fulfil its role and is responsible to the Board for ensuring compliance with Board procedures and governance matters. The Company Secretary is also responsible for overseeing and coordinating disclosure of information to the ASX as well as communicating with the ASX. The Company Secretary is Stephen Gethin, who is also the Company's General Counsel. Mr Gethin has substantial company secretarial experience in listed companies and in the practice of corporate law.

### 3.5. Independence

An independent Director, in the view of the Company, is a Non-Executive Director who:

- (1) is not a substantial shareholder of the Company or an officer of, or otherwise associated directly with, a substantial shareholder of the Company;

- (2) within the last 3 years has not been employed in an Executive capacity by the Company;
- (3) within the last 3 years has not been a principal of a material professional adviser or a material consultant to the Company, or an employee materially associated with the provision of material professional or consulting services;
- (4) is not a material supplier or customer of the Company, or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
- (5) has no material contractual relationship with the Company other than as a Director of the Company; and
- (6) is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the Director's ability to act in the best interests of the Company.

Within the current Board, Non-Executive Director Professor Malcolm Richmond is regarded as an independent Director. Shanker Madan, the Chairman, served as Managing Director of the Company until 24 March 2010 and is not regarded as independent within the above definition. Ken Hellsten, the Managing Director is not regarded as independent as he is an Executive Director. Farooq Khan and William Johnson are Directors of a substantial shareholder of the Company and also served as Executive Directors of the Company until 1 May 2010 and are not regarded as independent. Farhad Moshiri is a Director of a substantial shareholder of the Company and is not regarded as independent. Matthew Hammond holds a senior management position with a substantial shareholder of the Company and is not regarded as independent.

The Board considers that the Company is not currently of a size, nor are its affairs of such complexity to justify the appointment and further expense of a majority of independent Directors. The Board believes that the individuals on the Board can make, and do make, quality and independent judgments in the best interests of the Company on all relevant issues.

The Company completed a review of the composition of its Board in September 2009. Arising from the review the Company has moved from having a majority of Executive Directors to six Non Executive Directors and one Executive Director, Ken Hellsten, the Managing Director. This new Board structure was implemented to accord with established corporate governance principles and will better accommodate the needs of the Company as it transitions from being an explorer to a developer of significant mining projects.

### 3.6. Conflicts of Interest

To ensure that Directors are at all times acting in the interests of the Company, Directors must:

- (1) disclose to the Board actual or potential conflicts of interest that may or might reasonably be thought to exist between the interests of the Director or his duties to any other parties and the interests of the Company in carrying out the activities of the Company; and

- (2) if requested by the Board, within 7 days or such further period as may be permitted, take such necessary and reasonable steps to remove any conflict of interest.

If a Director cannot or is unwilling to remove a conflict of interest then the Director must, as per the Corporations Act, absent himself from the room when Board discussion and/or voting occurs on matters to which the conflict relates (save with the approval of the remaining Directors and subject to the Corporations Act).

### 3.7. Related-Party Transactions

Related party transactions include any financial transaction between a Director and the Company as defined in the Corporations Act or the ASX Listing Rules. Unless there is an exemption under the Corporations Act from the requirement to obtain shareholder approval for the related party transaction, the Board cannot approve the transaction. The Company also discloses related party transactions in its financial report as required under relevant Accounting Standards.

### 3.8. Share Dealings and Disclosures

The Company's policy regarding Directors, Executives and employees dealing in its securities is set by the Board. The Board prohibits Directors, Executives and employees from acting on material information until it has been released to the market and adequate time has been given for this to be reflected in the prices of the Company's securities. Executives and employees and Directors are required to consult the Chairman and the Board respectively, prior to dealing in securities in the Company or other companies with which the Company has a relationship.

Dealings in the Company's securities by officers and employees are not permitted at any time whilst they are in the possession of price-sensitive information not already available to the market.

### 3.9. Board Nominations

The Board will consider nominations for appointment or election of Directors that may arise from time to time having regard to the corporate and governance skills required by the Company and procedures outlined in the Constitution and the Corporations Act.

### 3.10. Terms of Appointment as a Director

The current Directors of the Company have not been appointed for fixed terms. The constitution of the Company provides that a Director (other than any Managing Director) may not retain office for more than three calendar years or beyond the third Annual General Meeting following their election, whichever is longer, without submitting himself or herself for re-election. One third of the Directors (save for any Managing Director) must retire each year and are eligible for re-election. The Directors who retire by rotation at each Annual General Meeting are those with the longest length of time in office since their appointment or last election.

The initial appointment and last re-election dates of each Director are listed below.

Director	Appointed	AGM Last Re-elected
H. Shanker Madan - Chairman	26 September 2005	22 December 2005 (As Managing Director until 24 March 2010 Mr Madan was not previously subject to re-election)
Ken Hellsten - Managing Director	24 March 2010	(As Managing Director Mr Hellsten is not subject to re-election)
Farooq Khan	9 September 1999	25 November 2009
William Johnson	14 July 2006	25 November 2009
Malcolm Richmond	25 October 2006	30 November 2007
A. Farhad Moshiri	29 July 2008	6 November 2008
Matthew Hammond	25 September 2009	25 November 2009

### 3.11. Performance Review and Evaluation

It is the policy of the Board to ensure that the Directors and Executives of the Company are equipped with the knowledge and information they need to discharge their responsibilities effectively and that individual and collective performance is regularly and fairly reviewed. Although the Company is not of a size to warrant the development of formal processes for evaluating the performance of its Board, individual Directors and Executives, there is on-going monitoring by the Chairman and self review by the Board. The Chairman also speaks to Directors individually regarding their role as a Director.

### 3.12. Meetings of the Board

The Board holds bi-monthly meetings and additional Board meetings are scheduled whenever necessary to deal with specific matters requiring attention. Circulatory Resolutions are also utilised where appropriate either in place of or in addition to formal Board meetings.

Each member of the Board is committed to spending sufficient time to enable them to carry out their duties as a Director of the Company.

It is recognised and accepted that Non-Executive Directors may also concurrently serve on other boards, either in an executive or non-executive capacity.

### 3.13. Independent Professional Advice

Subject to prior consultation with the Chairman, each Director has the right to seek independent legal and other professional advice at the Company's expense concerning any aspect of the Company's operations or undertakings in order to fulfil their duties and responsibilities as Directors.

### 3.14. Company Information and Confidentiality

All Directors have the right of access to all relevant Company books and to the Company's Executive. In accordance with legal requirements and agreed ethical standards, Directors and Executives of the Company have agreed to keep confidential all information received in the course of the exercise of their duties and will not disclose non-public information except where disclosure is authorised or legally mandated.

### 3.15. Directors' Deeds

The Company has also entered into a deed with each of the current Directors and the Company Secretary to regulate certain matters between the Company and each Director, both during the time the Director holds office and after the Director ceases to be an officer of the Company (or of any of its wholly-owned subsidiaries). A summary of the terms of the deed is contained in the Company's notice of meeting for a general shareholders' meeting held on 25 November 2009.

## 4. Management

### 4.1. Executives

Please refer to section 3.2 for details of the Company's Managing Director. The Company's other Executives are:

- Stephen Gethin - Company Secretary and General Counsel
- Maxwell Hobson - Project Director, Peru
- Michael Lowry - General Manager, Indonesia and
- David Lim - Chief Financial Officer.

The Board has determined that the Managing Director is the appropriate person to make the Chief Executive Officer equivalent declaration in respect of the Company's accounts under section 295A of the Corporations Act and recommended by the Council.

### 4.2. Board and Management Committees

On 27 October 2009 the Board established Audit and Remuneration Committees.

During the 2008/2009 year audit matters, the setting and review of remuneration levels of Directors and Executives and nomination of new Directors were reviewed by the Board as a whole and approved by resolution of the Board (with abstentions from relevant Directors where there is a conflict of interest). That is, matters typically dealt with by audit, nominations and remuneration committees were dealt with by the full Board.

#### 4.2.1. Audit Committee

The Audit Committee is chaired by A. Farhad Moshiri, a Non-Executive Director. His role will be performed by his Alternate Director, Mark Horn. The other Audit Committee members are Shanker Madan (Non-Executive Company Chairman) and Farooq Khan (Non-Executive Director).

A formal Audit Committee Charter has been adopted by the Board. The Charter sets out the responsibilities of the Audit Committee, which will include:

- (1) reviewing and approving the audited annual and reviewed half-yearly financial reports; and
- (2) reviewing the appointment of the external auditor, auditor independence, audit fees and any questions of resignation or dismissal.

#### 4.2.2. Remuneration Committee

Professor Malcolm Richmond, an Independent, Non-Executive Director, chairs the Remuneration Committee. The other Remuneration Committee members are Non-Executive Directors Farooq Khan and Matthew Hammond.

A formal Remuneration Committee Charter is being prepared for ratification by the Board. The Charter will set out the responsibilities of the Remuneration Committee, which will include:

- (1) reviewing the remuneration and performance of the Managing Director;
- (2) reviewing the remuneration of Non-Executive Directors; and
- (3) setting and reviewing the Company's equity-based remuneration policy.

### 4.2.3. Board Nominations

The Board will review the desirability of establishing a formal nomination committee in mid 2010.

## 5. Remuneration Policy

Please refer to the Remuneration Report in the Director's Report for the year ended 30 June 2009. The Company currently does not have any unvested options on issue to Directors. If any options are issued to Directors in future that do not vest immediately the Company's policy is to require the Director option holders not to enter into transactions in associated products which limit the economic risk of holding unvested options.

## 6. Code of Conduct and Ethical Standards

A formal code of conduct is under development during the second quarter of calendar 2010. The Company's policies are currently focussed on ensuring that all Directors, Executives and employees act with the utmost integrity and objectivity in carrying out their duties and responsibilities, striving at all times to enhance the reputation and performance of the Company. Many of the items commonly found in a code of conduct are presently covered by the Company's policies designed to deal with compliance risk identified in section 7.1 of this Statement.

## 7. Internal Control, Risk Management and Audit

### 7.1. Internal Control and Risk Management

The Board of Directors is responsible for the overall internal control framework (which includes risk management) and oversight of the Company's policies on and management of risks that have the potential to impact significantly on operations, financial performance or reputation.

The Board recognises that no cost-effective internal control system will preclude all errors and irregularities. The system is based, in part, on the appointment of suitably-qualified and experienced service providers and suitably-qualified and experienced management personnel. The effectiveness of the system is continually reviewed by management and at least annually by the Board.

On a day-to-day basis, managing the various risks inherent in the Company's operations is the responsibility of the Managing Director, supported by the Executives.

Risks facing the Company can be divided into the broad categories of health and safety, operations, compliance and market risks.

Health and safety risk is one of the most important risks faced by a resources company. Apart from the inherent unacceptability of threats to life or health, safety incidents have the potential to seriously damage the Company's reputation and ability to operate its business. The Company takes a "zero tolerance" approach to any situation that might compromise the health or safety of staff, contractors or members of the community. This risk is addressed by comprehensive safety policies and training and a requirement that any safety incident or "near miss" is reported to the Board.

Operations risk refers to risks arising from day to day operational activities which may result in direct or indirect loss from inadequate or failed internal processes, people or systems or external events. The Managing Director, with the assistance of his Executive team, has delegated responsibility from the Board for identification of operations risks generally, for putting processes in place to mitigate them and monitoring compliance with those processes. The Company has clear accounting and internal control systems to manage risks to the accuracy of financial information and other financial risks.

Compliance risk is the risk of failure to comply with all applicable legal and regulatory requirements and industry standards and the corresponding impact on the Company's business, reputation and financial condition. The Company's compliance risk management strategy ensures compliance with key legislation affecting the Company's activities.

A key principle of the Company's compliance risk management strategy is to foster an integrated approach where line managers are responsible and accountable for compliance, within their job descriptions and within overall guidance developed by the Company Secretary and General Counsel.

The Company's compliance strategy is kept current with advice from senior external professionals and the ongoing training of Executives and other senior personnel involved in compliance management.

The Company has policies on responsible business practices and ethical behaviour including conflict of interest, anti-corruption and share trading policies to maintain confidence in the Company's integrity and ensure legal compliance.

Market risk encompasses risks to the Company's performance from changes in resource prices, currency exchange rates, capital markets and economic conditions generally. The Board regularly assesses the Company's exposure to these risks and sets the strategic direction for managing them.

The Company's approach to risk management is not stationary; it evolves constantly in response to developments in operations and changing market conditions.

The Board has determined that the Managing Director is the appropriate person to make the Chief Executive Officer equivalent declaration on the risk management and internal compliance and control systems recommended by the Council.

The Board has received assurance from the Managing Director and the Company Secretary (who was the CFO equivalent during the 2009 Financial Year prior to the

appointment of a CFO in December 2009) that the declaration provided in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

Management has reported to the Board as to the effectiveness of the Company's management of its material business risks.

## 7.2. Audit

The Board therefore considers it paramount to ensure that shareholders are informed of all major developments affecting the Company and have the opportunity to communicate their views on the Company to the Board. Information is communicated to shareholders and the market through various means including:

The Board has designated the Company Secretary as the person responsible for overseeing and coordinating disclosure of information to ASX as well as communicating with ASX.

In accordance with the Corporations Act and ASX Listing Rule 3.1 the Company immediately notifies ASX of information concerning the Company that a reasonable person would expect to have a material effect on the price or value of the Company's securities, subject to exceptions permitted by that rule. A reasonable person is taken to expect information to have a material effect on the price or value of the Company's securities if the information would, or would be likely to, influence persons who commonly invest in securities in deciding whether to acquire or dispose of the Company's securities.

All staff are required to inform their reporting manager of any potentially price-sensitive information concerning the Company as soon as they become aware of it. Reporting managers are in turn required to inform the Managing Director of any potentially price-sensitive information.

In general, the Company will not respond to market speculation or rumours unless ASX or an applicable law requires it to do so.

Only the Chairman and the Managing Director may speak on the Company's behalf to the media, investors and analysts.

The Company may request a trading halt from ASX to prevent trading in its securities if the market appears to be uninformed.
